16th March 2020

Dear Parent / Carer

If children would like a drink during the school day, they have access to water fountains in both playgrounds. Children are free to access this during the both break times and at lunchtime.

Should children want a drink during lesson time, then they can bring in a named water bottle. This can be filled up during the day if necessary.

If your child does not have a water bottle, unfortunately they cannot have a drink during lesson time.

Mr S Bowsher
Associate Headteacher
